- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance, it doesn't have to include most Federal consumer protections that apply to health insurance.

AFFORDABLE PROTECTION **MAMMOGRAM COVERAGE AVAILABLE WITHOUT DIAGNOSIS OF CANCER.** 

UTLACA15-032023

This individual Cancer Protection Insurance Plan provides you with important **Additional Extra Benefits** for your increased protection. You, your spouse and unmarried dependent children to age 26 are eligible to apply. Acceptance is guaranteed to each family member who hasn't been medically treated or advised of cancer within 10 years. If you choose family coverage, all children born after your effective date will be automatically insured.

#### **QUESTIONS & ANSWERS**

#### Q: Why buy insurance just for cancer?

A: More than 1.7 million new cancer cases are expected to be diagnosed in 2020. The estimate does not include carcinoma or basal cell and squamous cell skin cancers. The Agency for Healthcare Research and Quality estimates that cancer-related direct medical costs in the US in 2015 were \$80.2 billion, with 52% of those costs resulting from hospital outpatient or office-based provider visits and 38% from inpatient hospital stays.\*This may be more than your health insurance will cover. An affordable cancer plan helps with the extraordinary high cost of cancer treatment.

\*Source: American Cancer Society Facts & Figures 2019 www.cancer.org

#### Q: I've had cancer. Can I still apply?

A: Yes, as long as you've been cancer-free for the last ten years.

### Q: Does this plan pay in addition to any other insurance?

A: Yes. We pay in addition to any other insurance you may have... including the Kaiser Plan, Blue Cross, Blue Shield and Medicare. Whenever cancer affects you, or any insured family member, all of the benefits of your Cancer Protection Plan will be available for you (and paid directly to you) in this time of great need.

# Q: If I have a mammogram or a cervical cancer screening and there is no diagnosis of cancer, what is the benefit?

**A:** We will pay in addition to any other coverage up to \$50 per the policy schedule for a mammogram and up to \$30 per year for a Pap smear, even if there is NO diagnosis of cancer. If you have no other coverage, actual charges will be paid per the policy schedule.

#### **DEFINITIONS**
